Skills/Competences

Advanced knowledge of all the main graphic softwares: **Adobe Creative Suite:** Photoshop, InDesign, Illustrator, Dreamweaver and Flash, but also Quark XPress.
Basic knowledge of video editing software: Final Cut and Adobe Premiere.
I can build websites using w3c standards compliant **XHTML** and **CSS**.
Intermediate knowledge of actionscript and a basic knowledge of PHP and Javascript.
Basic knowledge of CMS: Joomla, Wordpress and MODx.
Advanced knowledge of computer hardware and both Windows and Mac Os X systems.
I'm well trained and proficient in graphic design, I have a true passion, and eye for the detail.
Good knowledge of the English language.

Interests

I keep myself constantly aware of the new trends about Advertising Graphics and Web Design.
I own a digital reflex camera, and I'm quite skilled in taking good shots and retouching them.
I'm also interested in music, One of my hobbies is to play electric guitar. Full driving license.
